

Extended Service Plans Guide

experience, knowledge & integrity

Choice of 5 different programs, including **Lifetime Unlimited Mileage Power Train**

PLUS... Rental and Towing available on MOST Programs!

Silver Powertrain Coverage includes:

Gas Engine: All internal lubricated parts: oil pump, pick up screen, pistons, rings, connecting rods, main and rod bearings, wrist pins, crankshaft, internal timing chain or gears, timing belts, push rods, rocker arms and shafts, intake and exhaust valves, valve springs and retainers, camshaft and bearings, hydraulic and solid lifters. Engine block and cylinder heads are covered only if damaged as a result of a failure of an internal lubricated covered part. Cylinder head and manifold gaskets are covered for coolant leaks only. Seals and gaskets, with the exception of cylinder head gaskets and intake manifold gaskets, are covered only in conjunction with a covered repair.

Transmission: All internal lubricated parts of a manual or automatic transmission, including torque and lock up converters. The transmission case, gaskets and seals are covered only as a result of the failure of a covered component. (Exclusions are clutch, pressure plate, throw out bearing, linkage, cables, shifter, electronic switches, solenoids and clutch hydraulic cylinders).

Drive Axle: All internal lubricated parts, including ring and pinion gears, spider gears, side gears, bearings, bushings, spacers, yokes, driveshafts, universal joints and CV joints. CV joints are not covered if the CV joint boots are torn or damaged. (Exclusions are CV joint boots, locking hubs and wheel hubs). Drive axle housings, front or rear, are covered only due to the failure of a covered component. Seals and gaskets are covered only in conjunction with a covered repair.

Four Wheel Drive and All Wheel Drive: (only with Applicable Surcharge) All internal lubricated parts, drive gears, sprockets, chains, forks and bearings. Transfer case/housing is covered only if damaged by an internal lubricated part. Seals and gaskets are covered only in conjunction with a covered repair.

Coverage limited to above named components.

Gold Component Coverage:

Includes all Silver Powertrain Coverage in addition to the following:

Diesel Engine: (only with Applicable Surcharge) All of the gas engine components named above, as well as, the fuel distributor, fuel injection pump, fuel regulator and injectors. Seals and gaskets are covered only in conjunction with a covered component.

Turbo/Supercharger: (only with Applicable Surcharge) All internal lubricated parts, vanes, shafts, bearings, and housing (if damaged by the failure of a covered part). Seals and gaskets are covered only in conjunction with a covered repair. **Turbo/Supercharger must be factory installed for this coverage to apply.**

Air Conditioning: (Factory installed only) Accumulator, evaporator, clutch, compressor, condenser and dryer. Refrigerant, evacuate and re-charge are not included. (Exclusions are component failure due to contamination of refrigerant oil, A/C conversion from Freon to other chemicals and any retrofit process).

Steering: Manual and power steering gearbox, rack and pinion unit (short rack) and power steering pump.

Electrical: Alternator, solenoid, starter motor, generator, voltage regulator, and front and rear wiper motors (Exclusions are failure due to vandalism or misuse).

Cooling System: Electric fan motor, fan clutch, water pump, thermostat and gasket.

Brakes: Calipers, master cylinder, wheel cylinders, and power booster unit. (Exclusions are: linings, rotors, pads, drums, hardware, and any component failure due to brake fluid contamination.)

Seals & Gaskets: Seals and gaskets are covered only if required in conjunction with a covered repair. Cylinder head gaskets and intake manifold gaskets are covered for coolant leaks only.

Coverage limited to above named components.

Platinum Component Coverage:

Includes all Silver Powertrain and Gold Component Coverage in addition to the following:

Platinum Electrical: Alternator, solenoid, starter motor, generator, voltage regulator, front and rear wiper motors, front and rear washer pump, power window motors, ignition module, keyless entry transmitter and receiver, power seat motors, power door lock actuators, power mirror motors,

rear window defroster switch, power sunroof motor, power antenna motor and fuel pump. (Exclusions: failures due to any external force breaking the component, i.e. accident, vandalism, misuse).

Platinum Cooling System: Electric fan motor, fan clutch, water pump, thermostat and gasket, radiator and heater core.

Platinum Brakes: The following ABS components are covered: electronic control processor, pressure modulator valve, wheel speed sensors, hydraulic pump/motor assembly, isolation dump valve and accumulator. (Exclusions: linings, rotors, pads, drums, hardware and any component failure due to brake fluid contamination).

Platinum Suspension: Upper and lower ball joints, upper and lower control arm shafts and/or bushings, stabilizer bars, torsion bars and spindles.

Coverage limited to above named components.

Advantage Program Coverage:

The AutoSource Advantage Program is designed for those looking for a more complete auto warranty without the need to pick and choose from a bewildering array of options. In fact, one of the only choices you'll need to make is the term of the coverage. We offer the following options:

- 3 MONTHS / 4,500 MILES
- 6 MONTHS / 7,500 MILES
- 12 MONTHS / 15,000 MILES
- 24 MONTHS / 30,000 MILES
- 36 MONTHS / 45,000 MILES
- 48 MONTHS / 60,000 MILES

GAS ENGINE - All internal lubricated parts: oil pump, pistons, rings, connecting rods, main and rod bearings, wrist pins, crankshaft, internal timing chain or gears, push rods, rocker arms and shafts, intake and exhaust valves, valve springs and retainers, camshaft and bearings, hydraulic lifters and intake manifold. Engine block and cylinder heads are covered only if damaged as a result of a failure of an internal lubricated covered part. Cylinder head and manifold gaskets are covered for coolant leaks only. Seals and gaskets, with the exception of cylinder head gaskets and intake manifold gaskets, are covered only in conjunction with a covered repair.

TRANSMISSION - Automatic Transmission: All internal lubricated parts including, clutches, bands, pump, pump housing, carrier assembly, planetary gears, drums, reaction shaft, governor, valve body and servo assemblies. Torque converter, transmission housing, transfer unit 4 x 4 case only if damaged as a result of mechanical failure of the above parts. Seals and gaskets are covered only in conjunction with a covered repair. **Manual Transmission:** All internal lubricated parts including main shaft, counter shaft, all gears, input shaft, hub assemblies, synchronizers, shift rails, shift fork, and internal transmission bearings. Seals and gaskets are covered only in conjunction with a covered repair.

DRIVE AXLE ASSEMBLY - All internal lubricated parts: Front or Rear Drive axle housing and all internal parts, pinion bearings, wheel bearings, side carrier bearings, ring and pinion, gears, spider gears and case, thrust washers and spacers, housing only when damaged by an internal lubricated part covered by the contract. Drive shaft, universal joints, and front constant velocity joints on front wheel drive vehicles only. CV joints are not covered if the CV joint boots are torn or damaged. Seals and gaskets are covered only in conjunction with a covered repair.

AIR CONDITIONING - Compressor, clutch, condenser, dryer, accumulator and evaporator. (Exclusions: Any component failure due to contamination of specified manufactured refrigeration oil, recharge and evacuation of system. System conversion from freon to other chemicals.)

STEERING COMPONENTS - Internal lubricated parts contained within the steering gear box and pump housing, including: rack and pinion, steering box and pump housing, if damaged by the failure of internal lubricated parts.

ELECTRICAL COMPONENTS - Starter motor, solenoid and drive assembly, alternator, generator, voltage regulator, front and rear window wiper motors, power window motor, power seat motor, and power door actuators.

COOLING SYSTEM - Electric fan motor, water pump, fan, clutch, thermostat and gasket.

BRAKE COMPONENTS - Calipers, master cylinders and wheel cylinders. The following ABS components are also covered: electronic control processor, pressure modulator valve, wheel speed sensors, hydraulic pump/motor assembly, isolation dump valve and accumulator. (Exclusions: linings, rotors, pads, drums, hardware and any component failure due to brake fluid contamination.)

SUSPENSION - Springs (only if broken). Ball joints, spindle, and spindle support.

SEALS & GASKETS - All seals and gaskets are covered when required in conjunction with the replacement of a covered component. Head gasket and intake manifold gaskets are covered for coolant leaks only.

Coverage limited to above named components.

RENTAL BENEFITS - You will be reimbursed up to \$25 per 8 work hours, based on Mitchell's labor guide, for an authorized repair and/or replacement of a covered component up to a maximum of \$75 with valid receipt.

TOWING - Should your vehicle need a tow due to a Mechanical Breakdown because a covered component has failed, towing is refundable to the nearest licensed repair facility, up to a maximum of \$50 with a valid receipt.

Lifetime Unlimited Mileage Coverage:

The AutoSource Lifetime Unlimited Mileage Plan is designed for those looking for a plan that will last the life of their vehicle. Powertrain coverage relates to those components of a vehicle which are the most expensive to repair or replace. Since the coverage is for the lifetime of your vehicle, with NO mileage restrictions, there are no options to choose!!

GAS ENGINE - All internally lubricated parts: oil pump, pistons, rings, connecting rods, main and rod bearings, wrist pins, crankshaft, internal timing chain or gears, push rods, rocker arms and shafts, intake and exhaust valves, valve springs and retainers, camshaft and bearings and hydraulic lifters. Engine block and cylinder heads are covered only if damaged as a result of a failure of an internally lubricated covered part. Cylinder head and manifold gaskets are covered for coolant leaks only. Seals and gaskets, with the exception of cylinder head gaskets and intake manifold gaskets, are covered only in conjunction with a covered part.

AUTOMATIC TRANSMISSION - All internal lubricated parts including, clutches, bands, pump, pump housing, carrier assembly, planetary gears, drums, reaction shaft, governor, valve body, servo assemblies, torque converter and transmission housing only if damaged as a result of mechanical failure of the above named parts. Seals and gaskets are covered only in conjunction with a covered repair.

MANUAL TRANSMISSION - All internally lubricated parts including main shaft, counter shaft, all gears, input shaft, hub assemblies, synchronizers, shift rails, shift fork, and internal transmission bearings. Seals and gaskets are covered only in conjunction with a covered repair.

DRIVE AXLE - All internal lubricated parts, including ring and pinion gears, spider gears, side gears, bearings, bushings, spacers, yokes, driveshafts, universal joints and CV joints. CV joints are not covered if the CV joint boots are torn or damaged. (Exclusions are CV joint boots, locking hubs and wheel hubs). Drive axle housings, front or rear, are covered only due to the failure of a covered component. Seals and gaskets are covered only in conjunction with a covered repair.

FOUR WHEEL DRIVE & AWD - All internal lubricated parts, drive gears, sprockets, chains, forks and bearings. Transfer case/housing is covered only if damaged by an internal lubricated part. Seals and gaskets are covered only in conjunction with a covered repair.

SEALS & GASKETS - All seals and gaskets are covered only if required in conjunction with a covered repair. Cylinder head gaskets and intake manifold gaskets are covered for coolant leaks only.

Coverage limited to above named components.

ROADSIDE REIMBURSEMENT

(Only with Applicable Surcharge)

RENTAL BENEFITS - You will be reimbursed up to \$35 per day for each 8 work hours, based on Mitchell's labor guide, for an authorized repair/replacement of a covered component up to a maximum of \$105 (3 days) with valid receipt, (excluding fuel charges, mileage and optional insurance costs).

TOWING - Should your vehicle need a tow due to a Mechanical Breakdown because a covered component has failed, towing is refundable to the nearest licensed repair facility. The Administrator will reimburse the Purchaser up to a maximum of \$75 with valid receipt.

THIS IS NOT A CONTRACT

It is only meant to provide a general summary for the purchaser. For exact details of all coverages, refer to the AutoSource ESP Terms & Conditions, or ask your auto dealer.
